

CREATIVITY THROUGH AFFORDABILITY

MASTER MATERIAL AT FOOTAGE FARM

There are two elements involved in the pricing -
The actual price of a reel and the lab duplication charges.

The cost per reel diminishes according to the number you order *at any one time*.

All prices in British Pounds

| | |
|-------------|----------------|
| 1 reel | @ 210 |
| 2-3 reels | @ 150 per reel |
| 4-6 reels | @ 140 per reel |
| 7-10 reels | @ 135 per reel |
| 11-19 reels | @ 130 per reel |
| 20-40 reels | @ 125 per reel |
| 41+ reels | @ 123 per reel |

The cost per reel is the same if you ask for the whole reel (reel lengths tend to between 6-12 minutes) or just a section of it.

DUPLICATION COSTS DEPEND ON THE FORMAT YOU NEED.

For each job there is an initial set-up charge of 30 pounds. After that it is per running time of footage ordered. Between 2 and 2.75 pounds per minute, depending on whether it's on Digibeta, BetaSP or other format. All duplication includes stock.

Discuss your needs when you need to order.

We always advise you in advance what we estimate the lab charges will be, and we don't process the job until you've approved the invoice.

SCREENERS/ VIEWING MATERIAL

5 pounds per reel, minimum 50 pounds per order (equivalent of 10 reels).
There is small surcharge for movies put on DVD.
